LRPOA Website	39	25	43	Holly & Paul Lovely
Facebook Page	25	29	32	

Comments regarding Communications:

We are not on Facebook

It is getting to be an expensive newsletter

Email is best way to communicate. Website is best when I am looking things up. Thank you!

Newsletters are great! We find them to be most current. We always read the emails. Thank you so much for the hard work on those!

Excellent information.

We know the communications take a lot of work and very much appreciate all of it.

Website would be a lot more valuable if it were kept up to date more often.

We value the communications and feel it adds greatly to the feeling of community at the lake I'd like to see more photos etc. on Facebook

Well Done!

Doing very well.

I did not know there was a LRPOA website

I see multiple pages on Facebook and Next Door and have tried to tell the Admin to combine for greater participation. Maybe work creation an “official” page for Lake Redstone.

I didn’t know we had a webpage 😊

Haven’t been on the website or Facebook page but will look.

The newsletters could be emailed, but then this survey would be hard to do. Website and FB page do not seem to be monitored or updated.

While I value the printed newsletters, it would be great to receive those via email as well 😊

Well done

The emails are very informative!

We really enjoy and appreciate all of the communications! Thanks!

Keep doing what you are doing- It works well.

I don’t look at the Facebook page.

Well done. Adequate and not excessive.

Alert via Text when emergency situations exist on the lake.

Comments regarding Activities and Clubs (including Ideas for new ones):

I always felt that the starting point for the Boat Parade should be in a no wake zone to lesson the negative impact on regular boating activities.

Cornhale (bags)

Parade of Homes/Cabins

Please consider brining back the Pontoon Party

Corn roast could have open grills to cook your own

Antique Car Show could include custom bike and ATV

As weekend residents for 21 years we have been able to participate in a few activities. Looking forward to retirement and more participation.

We would be interested in organizing a bowling night (Mark and Pat Reynolds)

The activities you offer seem like great opportunities. As my family ages and they move out/on their own, I am hoping to get more involved. When they were younger, our time at the lake was jam packed with busy-ness and water play.

We generally enjoy the escape and haven't made time for extra activities, but greatly appreciate the efforts to organize them and will likely join in the future.

Hobby and Craft Show should NOT include a swap. Labor Day should NOT include a flea market.

I can't attend any of the clubs because of when they are held

New but activities look fun! Meditation or Yoga. Bunco

I wish Fishing Club was more active on Facebook

We believe our involvement or activities will not increase until we are living full time at the lake (several years in the future). We appreciate the great communication when we are away from the lake.

We are part time residents so making these can be challenging. What happened to the pontoon party???

Men's Group in summer?

We like all the activities

Anita Wozniak: I am considering hosting a music event on the north end in 2021 or 2022. I also offer paint night events on site and yoga venue. Please contact me for advertising in your next newsletter. Thx!

Love fireworks on the lake

Men's group is a good idea

Due to some illness in the family I have only been up to the lake 1 time per year to check on the house. It would be unfair to check activities that I know can not be involved with.

Limited ability to participate in activities/clubs as we tend to be weekend only visitors to the lake due to kid activities.

I don't get up there as much as I would like therefore hard for me to help but was happy to help at the 50th Anniversary and hopefully in the future.

Thank you Pat & Board members for taking on all these activities and work related to Board stuff. Keep up the good work.

It is difficult to plan comings and goings to the lake. The holiday events depend on guests. We just want to relax by the water but do want to meet some people.

Would love to see more activities

We certainly miss the annual pontoon tie up!
